Summary of reasons for decision:

The video file is deemed to be objectionable under s3(2)(e) of the Films, Videos, and Publications Classification Act 1993 because it promotes and supports bestiality. It is obviously intended to sexually arouse viewers and encourage an interest in sexual acts with animals. The classification of this video file interferes with the right to freedom of expression but is the only outcome consistent with Parliament's clear intention to prevent such material from being publicly available.
